STATEMENT PURSUANT TO 37 CFR §1.825(a) and (b)

Pursuant to the Notice to File Missing Parts of Application dated January 23, 1995, received from the Patent and Trademark Office stating that the "Sequence Listing" does not comply with the requirements of §§1.821 through 1.825, a substitute and amended copy of the Sequence Listing is provided herewith along with a computer readable form (CRF).

Please substitute this amended Sequence Listing for the originally-filed Sequence Listing. The Sequence listing and enclosed diskette now contain SEQ ID NOS:1-15.

This affirms that to the best of my knowledge and belief, these amendments present no substantive changes to the Sequence Listing and the computer readable copy of said Sequence Listing as originally filed except to include all sequences depicted in the originally filed specification and figures. No new matter has been added.

This affirms that to the best of my knowledge and belief, the content of the substitute Sequence Listing and computer readable copy of said Sequence listing provided herewith are the same.

Respectfully submitted,
